SOUNDSYSTEM DS2100

Vivid sound and exclusive design

Issue June 2006

Pages 2

The SOUNDSYSTEM DS2100 is a new 2.1 speaker system with outstanding acoustic features, which stands for crystal-clear, powerful sound, combined with an attractive and modern design. It consists of two high-quality satellite speakers and a very powerful subwoofer with a total output of 200 W (PMPO). With its small and stylish satellites the SOUNDSYSTEM DS2100 fits conveniently on each desk. Since volume control, mute control and headphone jack are located ergonomically on a satellite speaker, it is possible to place the subwoofer under the desk.

- High-quality stereo sound
- One powerful subwoofer and two satellite speakers
- Total output 200 W (PMPO) / 18 W (RMS)
- Distortion-free, substantial bass performance
- Sleek and stylish satellite design
- Compatible with all PCs and notebooks
- Perfect for multimedia applications
- Magnetically shielded
- Headphone jack
- Connection to audio-out jack of PC or Notebook
- Easy to install, no extra driver required
